

Zoho Creator Certified Developer Associate

The Associate examination is designed for beginner-level developers, and will test your knowledge of Deluge and how you solve problems with it.

Exam details

Question type: Multiple choice questions

Duration: 45 minutes

Number of questions: 40

Pass percentage: 75%

Negative marking: None

There are no mandatory requirements to attempt this exam.

This is an online test that can be taken from anywhere. The examination link will be shared via email and the test must be attempted within 30 days of payment.

Each question counts for 1 mark, and a score of 30 (75%) guarantees a passing result.

Upon completion of the assessment, your score will be generated and displayed on the screen. In the case of a **Pass**, you will hear from us with further instructions. Your certificate and badge will then be issued using our dedicated Developer Portal.
