BRANDS THAT TRUST US

Features

- ✓ **Setup an SEO-friendly career site** that can easily be customized and localized in 27 languages.
- ✓ **Parse resumes perfectly in seconds** and control how lenient you want the parser's filters to be.
- ✓ **Use our pre-built assessments to screen** and shortlist the best candidates ranked based on performance.
- ✓ **Create blueprints and custom functions** to automate repetitive tasks with critical human interventions.
- ✓ **Source talent from multiple sources** like free and premium job boards, referrals, vendors, and more.
- ✓ **Keep candidates engaged at all times** via multiple channels like WhatsApp, MS Teams and GMeet.
- ✓ **Conduct and review video interviews** and keep your team on the know about candidate ratings.
- ✓ **Use chatbots and generative assistants** to save time and reduce cost per hire.

Recruit is the bedrock of our organisation. Speed and performance are the key factors why I chose Zoho Recruit.
